

## PEOPLE WILLING TO LET WELL ENOUGH ALONE

—Representative Mudd.

Election No Surprise, Says Maryland Man.

## HIS BIG PERSONAL VICTORY

Had Largest Vote Ever Given to a Candidate for the House in His District.

The vote received by Representative Sidney E. Mudd of the Fifth district of Maryland was the largest ever given to a candidate for Congress from that district, and was the largest vote given to any of the Republican representatives elected from that state last Tuesday. It was more than half of the entire Republican vote cast. This is accounted for on the ground that Mr. Mudd made a personal canvass of this district, and did not ask for any assistance from the Republican State Committee.

"Tuesday's election was no surprise to me," said Mr. Mudd this morning. "For I was confident that the Republicans would retain control of the House. The people were satisfied to let well enough alone, and that in a measure accounts for the Republican victory. The country is prosperous and why make any change in the policies of the government? was what the people asked themselves. And they decided that they would not change. That explains it."

Mr. Mudd is one of the most active members of the House District Committee. He is second on the committee, and last session frequently acted as chairman. He said this morning that one of the first bills the committee will take up in December will be the Union Station bill which came over from the Senate at the tail end of the last session. He said he thought it could be perfected in the first few weeks of the session so that it could be reported to the House before the holiday recess and taken up early in January.

## ALIMONY REFUGEES IN NEW JERSEY ALARMED

Exodus Threatened as Result of Innes Case.

JERSEY CITY, N. J., Nov. 7.—An exodus is threatened among the colony of alimony dodgers who have made this city their headquarters as a result of the action recently brought in the supreme court by Mrs. F. N. Innes, the former wife of the well-known bandmaster. Mrs. Innes secured a divorce in New York with \$25 weekly alimony. Innes, it is said, declared that he would leave New York forever rather than pay, and took up his residence here, opening an office in the Weldon building.

Recently Mrs. Innes retained a New Jersey lawyer to sue for \$500 arrears which she claimed was due her, and Innes was arrested on a capias. He gave a bond for \$500 and was released. He is now on a tour of the Southern States with his band.

Justice Collins, of the supreme court, heard argument in the case last Saturday and reserved decision. It is now stated that there are a large number of trunks ready packed, the use of which is contingent upon Justice Collins' decision. Should it be against Innes, it is believed here that the bandmaster will hardly return to this city, but will forfeit his bond. Such a decision, however, will mean that the colony of divorce court refugees who have long believed this State a safe asylum will seek other domiciles.

## MEDAL OF HONOR MEN IN ANNUAL CONVENTION

Two Hundred Veterans of Three Wars With Highest American Decoration.

PHILADELPHIA, Nov. 7.—The twentieth annual congress of the Medal of Honor Legion, which is in session in this city is holding its business session and election today at Independence Hall. It is generally believed that Gen. Daniel E. Sickles will be elected commander of the legion.

The most noted living generals of the civil war are among the legion men, as well as men of all ranks of the army and navy. The visitors include men who fought in three wars—the civil war, the Indian wars, and the Spanish-American war.

Such picturesque characters as Gen. Daniel E. Sickles and Gen. O. O. Howard fraternized with younger men like Col. M. Emmett Urell, of Washington, who won his medal of honor when a boy in the civil war, fought through the Indian campaigns and commanded a regiment of volunteers in the war with Spain.

Gunner George Carrette, who was in the Merrimac affair at Santiago, with Hobson; Marine Ned Sullivan, who cut the cables at Cienfuegos; Private George F. Berg, of the Seventeenth Infantry, and Landsman Robert Penn, of the Iowa, who won their medals in the Spanish-American war, are as enthusiastic members of the legion as the most grizzled veterans.

## America's Gift to Brave Men.

The medal of honor is the highest decoration for personal valor awarded to soldiers of the United States. It is to Americans what the Iron Cross of Germany, the Victoria Cross of England or the cross of the Legion of Honor of France are to those countries—the reward of the highest and most self-sacrificing heroism. Every wearer of it is one whose personal deeds in battle on land or sea have been so conspicuous as to merit the approval of a people.

Strange and varied have been the careers of most of these men. Each has performed some deed of daring worthy of chronicle. To the ordinary observer

## NERVOUS DYSPEPSIA.

A CURE FOR ALL.

Not a Patent Cure-All, Nor a Modern Miracle, But Simply a Rational Cure for Dyspepsia.

In these days of humbuggery and deception, the manufacturers of patent medicines, as a rule, seem to think their medicines will not sell unless they claim that it will cure every disease under the sun. And they never think of leaving out dyspepsia and stomach troubles. They are sure to claim that their medicine is absolutely certain to cure every dyspeptic and he need look no further.

In the face of these absurd claims it is refreshing to note that the proprietors of Stuart's Dyspepsia Tablets have carefully refrained from making any undue claims or false representations regarding the merits of this most excellent remedy for dyspepsia and stomach troubles. They make but one claim for it, and that is, that for indigestion and various stomach troubles Stuart's Dyspepsia Tablets is a radical cure. They go farther than this and any man or woman suffering from indigestion, chronic or nervous dyspepsia, who will give the remedy a trial will find that nothing is claimed for it that the facts will not fully sustain.

It is a modern discovery, composed of harmless vegetable ingredients acceptable to the weakest and most delicate stomach. Its great success in curing stomach troubles is due to the fact that the medicinal properties are such that it will digest whatever wholesome food is taken into the stomach, no matter whether the stomach is in good working order or not. It rests the overworked organ and replenishes the body, the blood, the nerves, creating a healthy appetite, gives refreshing sleep and the blessings which always accompany a good digestion and proper assimilation of food.

In using Stuart's Dyspepsia Tablets no dieting is required. Simply eat plenty of wholesome food and take these Tablets at each meal, thus assisting and resting the stomach which rapidly regains its proper digestive power, when the Tablets will be no longer required.

Nervous Dyspepsia is simply a condition in which some portion or portions of the nervous system are not properly nourished. Good digestion invigorates the nervous system and every organ in the body.

Stuart's Dyspepsia Tablets are sold by all druggists at 50 cents per package.

they do not differ from other men. Except for the fact that most of them are old, there is nothing in their individuality to attract attention. Some walk with a limp, others have left a limb on the field of battle and others still have a scar or wound to remind them of the past.

## National Officers.

The national officers are: Commander, Major Moses Veale, Philadelphia; senior vice commander, Patrick J. Kyle, Charlestown, Mass.; junior vice commander, Charles A. Orr, New York; adjutant, W. J. Wray, Philadelphia; quartermaster, Noble D. Preston, Philadelphia.

At the Academy of Music last night the 200 or more medal of honor men were given a reception, followed by a grand patriotic concert. A feature of the evening was the introduction during the intermission of Generals Sickles and Howard. Major Moses Veale, who introduced the war-battered heroes, said:

"The great generals of the civil war are fast passing away. I think it appropriate tonight to introduce to you two of the greatest heroes of the war—Gen. O. O. Howard, the commander of the Army of the Tennessee, and Gen. Daniel E. Sickles, the hero of Gettysburg."

## Howard on Gettysburg.

General Howard spoke first, and the one-armed veteran made a humorous speech at the start, and then turned to a more serious strain. "There has been much said about the great danger of losing Gettysburg but for the fact that Meade came up," he said. "There was no fear that we should have lost it. Sickles was there in 'the Devil's Den,' and he would have stayed there and died; but it was necessary for the great battle that afterward ensued for Meade to be there to participate."

"The men of the Legion of Honor have been singled out of an army of over 2,000,000," said General Sickles, "and decorated with the only decoration the United States bestows. They feel at home in Philadelphia, because Philadelphia was throughout the war the friend of the soldier."

## INTERSTATE COMMERCE COMMISSION AT WORK

Considering Patent Medicine Advertising Rates.

CHICAGO, Nov. 7.—Three cases are being considered by the Interstate Commerce Commission in session here. The first was brought by an association of proprietors of patent medicines and other articles to compel the railroads to give them lower rates on almanacs and other advertising matter.

C. E. Gill, chairman of the Eastern official classification committee, contended that the present rates on advertising matter of the kind referred to should not be reduced.

The second case was instituted by W. H. H. McLoon, of Janesville, Wis., against the Boston and Maine, West Shore and Wabash Railroads. Last July he was charged \$21 for a ticket good on these roads from Chicago to Boston, but for the return trip over the same lines he was charged \$2 less, or \$19.

The third case was a continuation of the hearing by the Commission of the allegations by the Chicago Live Stock Exchange that the Western railroads charged higher rates on live stock shipments than on dressed beef and other packing-house products. More testimony will be taken this afternoon.

## HUNTSMAN LOST IN THE MONTANA MOUNTAINS

Fears for Safety of Superintendent E. F. Egan.

KALISPELL, Mont., Nov. 7.—Superintendent E. F. Egan, of the Kalispell division of the Great Northern Railway, is lost in the mountains, and it is feared he has perished from cold. Mr. Egan on Wednesday last, together with Dr. H. E. Houston, and Dr. R. Houston, of the Great Northern surgical staff, and other friends went to Essex in his private car on a hunting trip. At Essex the members of the party left the car and began hunting. They intended to walk to Belton, to which place the car was forwarded.

The party separated, and some hours later all arrived at Belton with the exception of Egan. During the night fourteen inches of snow fell, and the valleys are obscured in mist, so that if, as now thought, Mr. Egan was injured or lost, he doubtless has been frozen to death and may be buried under a drift.

Searching parties are scouring the country.

## SAKS AND COMPANY Leaders Since 1867. SAKS AND COMPANY

## Saks-Made Is the Highest Standard in Clothing

Its merit is the basis for its popularity. The man who has always worn the ready-for-wear finds he's being better dressed in Saks-Clothing than ever before. The man who has always had his clothing made especially for him finds that in Saks-Clothing his requirements of form and taste are fully met. The ready-made defects are wholly lacking—the to-order satisfaction is incorporated in the Saks-Clothing. It's custom work—because it is made by custom tailors and made for you. We are right on hand through every stage of the work—watching, supervising, adding here and there a feature of betterment. It's the old story—that you know perfectly—you cannot have done for you as well as you can do for yourself. The organization of our own workrooms has worked a wonderful advantage for you and us. We show the styles as soon as they have the approval of fashion; we get exclusive weaves and novelties that you see nowhere else.

The excellence of Saks-Clothing and the economy of it has demanded of us the carrying of a stock of both Suits and Overcoats that far exceeds any other showing in town. In fact, in this season alone we're a third stronger in variety than ever before. Success speaks in demand; demand denotes superiority.

## Wind-up of the Special Boys' Suit, Overcoat and Reefer Sale.

Parents who were disappointed last week because in being a sale of sample, the sizes were restricted, will find a wider range tomorrow—of precisely the same values and patterns—in fact, identical lots. You accept the opportunity at our hands confidently because you know you can trust us for the qualities.

The Suits include Double-Breasted, Norfolk, and Novelty effects, in plain blue, black, and fancy, in all sizes from 3 to 16 years.
